NEW!

NAUTIZ X41

SECOND TO NONE

The Nautiz X41 is a rugged scanning powerhouse with a physical 23-key keypad. Running Android, it comes with WLAN, BT, 4G/LTE and NFC, an 8-megapixel camera, generous storage and integrated GPS. GMS certification means full access to all Google apps, including the Play store and Google Maps.

An integrated high-speed 1D barcode scanner or 2D imager with high density optics offers fast order picking, error-free work orders and smooth shipping and receiving.

NAUTIZ X2

RUGGED MOBILITY OPTIMIZED

The Nautiz X2 is a true all-in-one: a computer, a scanner, a camera and an Android phone. It runs on a powerful processor and has a high-quality, high-speed 1D/2D scanner with three dedicated scan buttons.

Google GMS certified allows you to download apps from the Play Store and use Google Maps.

The integrated 4G capabilities for voice and data transfer, paired with the long range barcode scanner provides a unique solution for outdoor use.

NAUTIZ X6

ULTRA-RUGGED ANDROID PHABLET

The Nautiz X6® ultra-rugged Android phablet brings the best of a rugged phone and a conventional tablet in a single device. It has the large-screen functionality of a tablet, with the work-anywhere ruggedness of a handheld. Enjoy an expansive 6-inch touchscreen display that's sunlight-readable and protected by super-hardened Gorilla Glass.

This winning combination is fully dust- and waterproof, yet lightweight and slim, making it a perfect ultra-rugged phablet to bring anywhere — whether you are in utilities, foodservice, field service, GIS, warehousing, or logistics.

Windows or Android

NAUTIZ X8

LEADING THE WAY

The Nautiz X8® ultra-rugged handheld features a high-speed dual-core processor and a battery that lasts up to 12 hours on a single charge. A choice of operating systems—Windows or Android—allows you to choose the most suitable platform.

Each detail of the Nautiz X8 is meticulously designed for field use. You can operate the capacitive touchscreen using multi-finger gestures — the same way you use your personal smart devices.

NAUTIZ X9

THE ULTIMATE OUTDOOR PDA

The Nautiz X9® is a feature-full rugged handheld with plenty of computing power, a scanner, camera, 4G/LTE phone and NFC, plus all the capabilities that come with the Google GMS license, such as access to the Play Store and Google Maps.

This data collector is powered by a quad-core processor and runs Android. It has plenty of RAM and storage and it features a sunlight-readable 5-inch capacitive display with multi-touch sensitivity and specially hardened glass.

Algiz 8X

NEW!

ALGIZ RT8

ULTRA-RUGGED EFFICIENCY

The Algiz RT8 ultra-rugged tablet is prepared for whatever your environment delivers—extreme temperatures, vibration, drops, water, and dust.

Running Android, this unique 8-inch tablet allows you to be faster and more efficient. Whether your “office” is a field, a forest, or a warehouse, the Algiz RT8 delivers bright, beautiful graphics on its unique 8-inch capacitive screen. The 10-point multi-touch display is strengthened with Gorilla Glass. The Algiz RT8 offers many built-in features including dual cameras, camera, waterproof ports, BT, NFC, an internal u-blox GNSS receiver, gyroscope, and compass.

ALGIZ RT7

HEAVYWEIGHT FIELD PERFORMANCE

The Algiz RT7® is a powerful, ultra-lightweight, easy-to-carry 7-inch Android tablet designed for reliable performance in demanding environments.

The Algiz RT7 provides a range of features and exceptional value for mobile workers. The beautiful capacitive display works even in direct sunlight. Industry-leading technology and a quad-core processor powers the Algiz RT7 for impressive speed, ultra-fast connectivity and long battery life. It boasts NFC functionality, an integrated GPS receiver, accelerometer, gyroscope, eCompass, dual cameras and dual SIM card slots, plus an optional dedicated barcode scanner.

ALGIZ RT7 eTicket

BEST-IN-CLASS MOBILE TICKETING

Perfectly ergonomic, seriously rugged, and ready for your mobile transit tasks, the 7-inch Algiz RT7 eTicket® offers unmatched mobile ticketing performance at an excellent value.

The premier choice for electronic mobile fare collection and ticket validation, the Algiz RT7 eTicket is a dependable and efficient tool designed specifically for transit workers—it's reliable, packed with features, lightweight and mobile. The integrated Arcontia smart card reader makes the Algiz RT7 eTicket an extremely fast and dependable tool for contactless payment collection.

ALGIZ 8X

PORTABLE AND POWERFUL FIELD COMPUTING

The ultra-mobile Algiz 8X® rugged tablet combines powerful computing with ultimate reliability in the toughest environments. This rugged 8" Windows tablet offers fast processing along with user-friendly features and design, maximizing your efficiency on long days in the field.

The Algiz 8X offers snappy performance and can withstand harsh handling and tough environments, from mining to maintenance. With a full range of features and built rugged from the inside out, the compact Algiz 8X is an ideal compact tablet solution at an excellent value.

ALGIZ 10X

EXTREME FIELD PERFORMANCE

The Algiz 10X® ultra-rugged tablet features a crisp and bright 10.1-inch touchscreen. The display adjusts backlighting automatically—so collecting data in bright sunlight is no problem.

This tablet has integrated 4G/LTE modem, u-blox® GPS/GLONASS, and multiple connectivity options. It comes standard with Windows 10 and a powerful quad-core processor. The Algiz 10X is slim, lightweight, and built to withstand the harsh field conditions. It carries an IP65-rating and meets MIL-STD-810G military standards against dust, water, vibrations, drops, extreme temperatures.
